

# ASHTON PIERCE

Experienced front-end developer who is comfortable working with JavaScript, HTML/CSS to deliver exceptional customer experiences. Has a passion for front-end development to bring client ideas to life.

## WORK EXPERIENCE

### Standard Parking— *Web Developer*

February 2021 - PRESENT

- Build and style parking widgets for client sites using internal tools.
- Work with a team of developers to build websites for clients and implement company technology.
- Maintain client website email templates using HTML and CSS.
- Optimize client websites to be mobile responsive.
- Use Adobe PhotoShop to design and adjust client logos for websites.
- Match customer branding and style for new parking guides.

### V1 Tech — *Graphic Designer*

May 2020 - March 2021

- Helped solidify the process for creating website product images and helped speed up the existing process by 75%.
- Met deadlines and maintained a steady workflow to keep orders ready for production.
- Used Photoshop and CorelDraw to produce order sheets and product images.

## PROJECTS

### Upside x Down — *Creator* - [link](#)

- Build out a single page site to allow customers the ability to add items to the cart and check out with ease.
- Incorporate Shopify tools to allow a seamless safe transaction process.
- Used Photoshop to produce clothing designs and company branding.

### Steam Tools — *Creator* - [link](#)

- A simple site that allows Steam users to compare game libraries with friends or generate a random steam app.
- Incorporated the Steam Web API into a user-friendly web app.
